21	It is incorrect that William Worgan 1681 m Susannah Phillips, St Briavels are the parents of Henry W 1722 --- on the Hewelsfield 1722 register it says Henry son of Wm and Sarah Worgan bap 4th July - confirmed also Sarah mother on the Parish Register. The oft quoted Sussanah is a transcription error.																																																
22	I decided to leave the 1681 and earlier entries coloured in red as an illustration of what one wrong set of parents can lead to in terms of errors. I spent ages trying to find the correct William Worgan and wife Sarah without making any headway - my researched line ends in 1722.																																																
23	scan of original or other corroboration																				some unchecked data added from https://www.wikitree.com/wiki/Colclough-638																												
24																					- as of Dec 2023 I do not expect to make any more substantial progress on this, unless some unexpected info turns up.
